We are considered by the State of Ohio to be an **Essential business, serving homeowners, municipal and state entities**, and therefore will remain **open**. We have modified our hours:

Temporary Hours: Monday-Friday 8:00 am-4:00 pm. Closed Saturday.

We will be abiding by the requests of the state as far as distancing and making sure none of our employees or their families exhibit any signs; if they do, we will send them home for their, our and your safety.

Please call us with any equipment questions before driving to the store to adhere to the spirit of the request and to limit contact.

We **will also be able** to deliver lifts and other equipment to jobsites during this time.
